

Activity Answer Sheet for Teachers

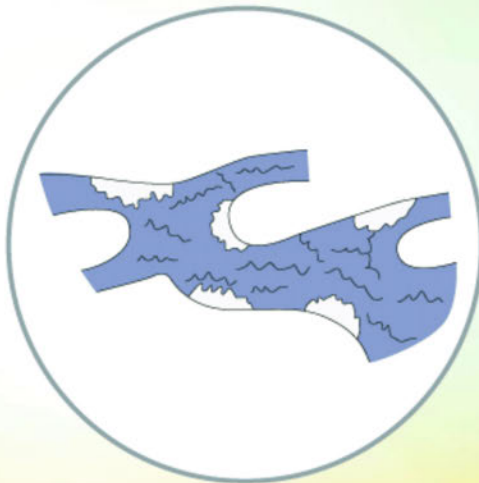

The image features a circular calendar wheel titled "Mi'kmaw'e'k Tepknusetk" in the center. The wheel is divided into 12 segments, each representing a month with a specific activity and illustration. Starting from the top and moving clockwise, the segments are: Kesikewiku's (Chief Moon Time, moon phases), Punamuiku's (Tom cod spawning time, fish), Apiknajiit (Bright sun time, sun), Si'ko'ku's (Maple sugar time, tree), Pnalmitiku' (Birds laying eggs time, nest), Sqoljuiku's (Frogs croaking time, frog), Nipniku's (Trees fully leafed time, tree), Pe'skewiku's (Birds shedding feathers time, feathers), Kisikewiku's (Berry ripening time, berries), Wikumkewiku's (Moose calling time, moose), Wikewiku's (Animals fattening time, animals), and Keptewiku's (Rivers starting to freeze time, river). To the right of the wheel, the text "Do you know the Mi'kmaw calendar?" is displayed in blue. Below this text is an orange button with the text "Click to start" and a white arrow pointing right.

Lesson A— Activity 3 Creating a Calendar Collage

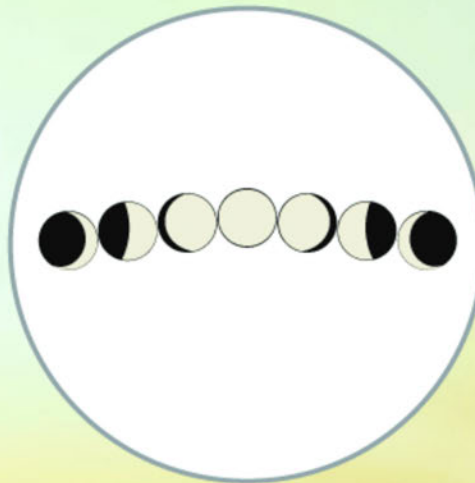

Winter
